

QCPLayoutGrid::simplify

```
graph LR; A[QCPLayoutGrid::simplify] --> B[QCPLayoutGrid::columnCount]; A --> C[QCPLayoutGrid::rowCount];
```

A diagram illustrating the relationship between the `QCPLayoutGrid::simplify` method and its dependencies. The `QCPLayoutGrid::simplify` method is shown in a grey box on the left. Two blue arrows point from it to two white boxes on the right: `QCPLayoutGrid::columnCount` (top) and `QCPLayoutGrid::rowCount` (bottom).

QCPLayoutGrid::columnCount

QCPLayoutGrid::rowCount
