

QCPColorGradient::QCPColor
Gradient

```
graph LR; A[QCPColorGradient::QCPColorGradient] --> B[QCPColorGradient::loadPreset];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'QCPColorGradient::QCPColorGradient' split across two lines. The right box is gray with a black border and contains the text 'QCPColorGradient::loadPreset' on a single line.

QCPColorGradient::loadPreset
