

MainWindow::MainWindow

QCPAxisRect::setupFullAxesBox

QCPAxis::setTicks

```
graph LR; A[MainWindow::MainWindow] --> C[QCPAxis::setTicks]; B[QCPAxisRect::setupFullAxesBox] --> C;
```

The diagram illustrates two callouts, 'MainWindow::MainWindow' and 'QCPAxisRect::setupFullAxesBox', both pointing via blue arrows to a central target box labeled 'QCPAxis::setTicks'. The target box is shaded gray, while the callout boxes are white with black borders.
