

QCPGraph::QCPGraph

```
graph LR; A[QCPGraph::QCPGraph] --> B[QCPGraph::setChannelFill  
Graph];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'QCPGraph::QCPGraph'. The right box is gray with a black border and contains the text 'QCPGraph::setChannelFill' on the top line and 'Graph' on the bottom line.
