

QCPLayoutInset::take

```
graph LR; A[QCPLayoutInset::take] --> B[QCPLayoutInset::elementCount]
```

A diagram showing a call to the `QCPLayoutInset::take` method. A blue arrow points from the `QCPLayoutInset::take` box to the `QCPLayoutInset::elementCount` box, indicating that the `take` method calls the `elementCount` method.

QCPLayoutInset::elementCount
