

QCPItemRect::QCPItemRect

```
graph LR; A[QCPItemRect::QCPItemRect] --> B[QCPItemRect::setSelected Brush];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'QCPItemRect::QCPItemRect'. The right box is gray with a black border and contains the text 'QCPItemRect::setSelected Brush'.

QCPItemRect::setSelected
Brush
